

## **Bronze Program**

### *For 6-12th Grade Athletes*

Are you a student athlete or the parent of one? Are you struggling to navigate the highly competitive and challenging landscape of college recruitment? Look no further! Introducing our exclusive college recruitment program, designed to provide you with the expert guidance and support you need to succeed.

Our program offers unlimited access to our staff, who will provide you with direct, one-on-one communication and real-time answers to all of your recruitment questions, 24/7. We'll keep you up to date on new and upcoming NCAA soccer recruiting rule changes and offer consultation on college soccer ID camps, so you can save money and attend the most productive and useful camps.

We'll also identify colleges that are still recruiting for your player's class year and provide you with updates on college recruiting boards and interest levels for each school. Plus, we'll offer guidance on communication with schools at each phase of the recruiting process and provide recommendations on setting up campus visits and securing a meeting with the coaching staff.

And that's not all! We'll even provide you with preparation for meeting a coaching staff, and average scholarship totals from specific schools on your college list for similar 'tier level' players, and consultation on all scholarship and FAFSA questions during this important part of the recruiting process.

You can ask an unlimited number of questions on a daily, weekly or monthly basis, and our expert will respond within 24 hours, usually much quicker. All of this is provided by a recruiting expert with past coaching experience and many years of recruiting management in the Midwest and Mid-Atlantic.

This is an incredible opportunity to get the expert guidance and support you need for only \$39.95/year. So, whether you're just starting out or you've been struggling to make progress in your recruiting journey, our program can help you achieve your goals and take your game to the next level.
